Dear Home Owner,

On behalf Hidden Valley Heights, we wish to welcome you to our community. We are so pleased that you have chosen to become the first residences of our new neighborhood and wish to extend our willingness to make your transition here as smooth as possible.

Our vision for Hidden Valley Heights is one in which members of the St. George area may have the opportunity to experience the benefits of owning a quality home at an affordable price while also enjoying a number of amenities which make your neighborhood truly unique and inviting. This is already manifest in the landscaping, pool, club house, and exercise facilities that are now at your disposal as well as in the high tech infrastructure that was designed into the development which allows every home owner state of the art communication via phone, cable, and internet. Additional landscaping and recreation areas will be forth coming as construction proceeds to completion.

The maintenance and management of these amenities is currently the responsibility of the developer, until such time, in the future, when a Home Owners Association will be formed to provide the ongoing management of these facilities. We have formulated some initial guidelines, which are included with this letter, which we hope will be helpful to you. These guidelines are meant to meet the needs of our residents, while maintaining respectful consideration for the safety, security, and welfare of the entire community. We welcome your personal suggestions and input into procedures, or policies, that you think may be beneficial to implement.

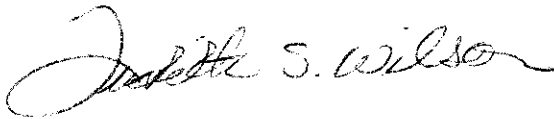

Again, we thank you for your willingness to invest in our community. We realize that your satisfaction is our greatest reward in seeing this project to completion. We look to you for support in helping maintain a smooth transition during the continued developmental stages of the project.

In conjunction with on going construction please remind children to not play in construction areas in order to protect them from possible injury.

Attached are several helpful documents that you will find useful. Please let us know if we can be of assistance.

Thank you for your help.

Sincerely,

The Great Room at the clubhouse is available for rent. Reservations are currently being handled by clubhouse attendants. A fee schedule and rental guidelines/rules can be obtained through them.

## **Landscaping**

We have had some problems with owners/tenants trying to do their own landscaping and/or gardening. Please do not alter the existing landscaping in any way! Section 9.9 of your CC&Rs explains that:

***'No planting or gardening shall be done, and no fences, hedges or walls shall be erected or maintained upon any Property except such as are installed in accordance with the initial construction of the buildings located thereon or as approved by the Architectural Control Committee.'***

Violations will be assessed for non-compliance.
